**ACACIA TECHNOLOGIES LICENSES
MULTI-DIMENSIONAL BAR CODE TECHNOLOGY
TO U.S. BANK NATIONAL ASSOCIATION**

Newport Beach, CA. – (BUSINESS WIRE) April 27, 2006 – Acacia Research Corporation (Nasdaq: ACTG: CBMX) announced today that VData, LLC, a wholly owned subsidiary that is part of the Acacia Technologies group, a leader in technology licensing, has entered into a license with U.S. Bank National Association covering a portfolio of patents that apply to certain multi-dimensional bar code systems. This resolves an action filed in the United States District Court for the District of Minnesota.

The multi-dimensional bar code technology generally relates to encoding and reading a data matrix consisting of an array of data cells with a border. The data matrix can contain a variety, amount, and depth of information that would not fit on to an ordinary bar code. This patented technology can have many applications in the manufacturing, distribution, accounting, and security industries such as tracking the movement of products, collection of data, improved production capabilities and anti-counterfeiting.
